Version Log

The Bureau updates this guide on a periodic basis. Below is a version log noting the history of this document and its updates:

Date	Version	Summary of Changes
July 2022	2	Added report functionality (Section 9).
May 2021	1	Original document

1. Introduction

The Bureau's 2016 rule governing prepaid accounts, as subsequently amended, requires that prepaid account issuers submit to the Bureau the prepaid account agreements that they offer, subject to product testing and *de minimis* exceptions. This document refers to this as the prepaid product agreement ("PPA") reporting requirements. Prepaid account issuers must make a submission to the Bureau within 30 days whenever a new agreement is offered, a previously submitted agreement is amended, or a previously submitted agreement is no longer offered.¹

This document provides a detailed walkthrough of how to create a prepaid product entry and upload an agreement for it, amend an agreement for an existing product, or withdraw a prepaid product entry using [Collect](#). Collect is the website through which issuers must submit their required agreements to the Bureau. The Bureau cannot accept prepaid product agreements through emails, handwritten forms, or faxed information. To access Collect, visit <https://collect.consumerfinance.gov>.

In addition to this detailed walkthrough of Collect, the Bureau has published additional resources to help financial institutions submit prepaid product agreements through Collect. These resources can be found on the Bureau's Collect submission instructions page at <https://www.consumerfinance.gov/data-research/prepaid-accounts/issuer-instructions/>.

The Bureau has previously issued various implementation tools regarding the Bureau's 2016 prepaid rule and subsequent amendments, including a small entity compliance guide, executive summary of the rule, summaries of key changes for payroll card accounts and government benefit accounts, a prepaid account coverage chart, a summary of the rule's effective date provisions, and a guide to preparing the short form disclosure, among others. These materials can be found on the Bureau's guidance and implementation website at <https://www.consumerfinance.gov/policy-compliance/guidance/prepaid-rule/>.

¹ See 12 CFR 1005.19 (effective April 1, 2019).

2. Registering with Collect

The Collect website requires every financial institution to register for login credentials prior to using the website. To register with Collect, a representative from a financial institution must complete the Collect registration form. The Collect registration form is found on the Bureau's Collect submission instructions page at <https://www.consumerfinance.gov/data-research/prepaid-accounts/issuer-instructions/>. The registration form requires the following information: the institution's name and headquarters location; the institution's identification number, which can be an LEI, RSSD ID, or Tax ID; and the name and contact information for a point of contact.

In addition to being the institution's primary contact for Collect, the point of contact will be assigned an account with privileges to add or remove user access for others at your institution. For example, the point of contact can provide a colleague access to Collect in order to make PPA submissions. If that colleague forgets or loses their login information, they can contact the point of contact to get help with accessing their login information. If a point of contact is unavailable, an employee is always able to contact the Collect Support team directly by emailing Collect_Support@cfpb.gov.

Once the registration form has been completed, the form should be emailed to Collect_Support@cfpb.gov.

After processing your institution's registration form, the Bureau's Collect team will send a welcome email to the point of contact listed on the registration form. The welcome email will contain information about logging in to Collect. The Collect website can be accessed at <https://collect.consumerfinance.gov>.

The prepaid account issuer has the legal requirement to comply with the agreement submission requirements; however, an issuer generally may use a third-party service provider (such as a program manager) to satisfy those obligations, subject to regulatory guidance regarding use of third-party service providers and other applicable regulatory guidance.

To create users, or review which users are active or inactive, select ***'User Management'*** from the Collect homepage.

2. The 'User Management' tab displays all the users for your institution. The POC is able to make a user active or inactive by toggling the 'Active/Inactive' switch. The POC can also create a new user by selecting ***'Create New User.'***

10. Contact Collect Support

Does your submission contain an error? Need additional help submitting prepaid product agreements? We're here to help. There are two easy ways to reach out to the Collect Support Team (see below). In addition, the Bureau has developed additional resources to help issuers submit their prepaid product agreements. These resources can be found at <https://www.consumerfinance.gov/data-research/prepaid-accounts/issuer-instructions/>.

10.1 Collect Support button

At the bottom of each Collect page, select the **'Need Help? Reach out to us!'** button to send a message to the support team.

The image shows a blue button with the text "Need help? Reach out to us!". Below the button is a contact form with the heading "Have a question for us? Please use the form below to contact us." The form contains two fields: a dropdown menu for "Preferred Contact Method" with "Email" selected, and a text area for "Question/Comment".

10.2 Email the Collect Support team directly

Email the support team directly at Collect_Support@cfpb.gov. Include your question and any additional details and a team member will reach back out to you.
